CIVIL ACTION NO. 2:13-cv-00193

**DECLARATION OF CHAD W. DUNN IN SUPPORT OF  
REQUEST FOR ATTORNEYS' FEES**

**Background and Prevailing Party**

1. I was one of the lead trial counsel for Plaintiffs and I presented part of Plaintiffs' arguments to the Fifth Circuit in all 3 of the appeals. I was also Counsel of Record for the Veasey Plaintiffs in the Supreme Court proceedings. Mr. Hebert and I initiated the first filings in this case. I am presenting this declaration in support of Plaintiffs' Motion for Attorney's Fees and Costs.

2. When Texas enacted the 2011 voter photo ID provisions (commonly referred to as SB 14), it was required to obtain preclearance of the law under the then existing coverage formula for Section 5 of the Voting Rights Act. Rather than seek administrative preclearance, Texas filed a preclearance lawsuit in the United States District Court for the District of Columbia. Mr. Hebert and I were retained by various affected voters and elected officials to intervene in the Section 5 case and present argument and evidence as to why SB 14 should not be precleared. After an expedited discovery schedule, the case was tried and the three-judge court denied preclearance. Mr. Hebert and I participated extensively in the

trial by questioning expert and fact witnesses. We participated in extensive discovery. Texas appealed the trial court ruling and the appeal was pending in the U.S. Supreme Court when in *Shelby County v. Holder*, 570 U.S. 529 (2013), the Court struck down the Section 5 coverage formula effectively lifting Texas from the requirement to seek preclearance. Mr. Hebert and I were in the Supreme Court when *Shelby County* was argued and decided.

3. Upon leaving the Supreme Court session when *Shelby County* was announced, we turned on our phones to learn that the Texas Attorney General had announced that SB 14 was immediately in effect now that preclearance was not required. This announcement gave no consideration to the considerable facts and evidence the three-judge trial court had considered in denying preclearance. Mr. Hebert and I discussed the need to proceed with a Section 2 case and I left the Court and went directly to my hotel where I began to work on the Complaint filed in this case. I communicated with our clients from the DC case as well as other stakeholders. Mr. Hebert and I worked extensively that day and through the next to file this case. Later, we would amend that complaint to add additional parties and allegations as well as addition co-counsel.

4. Mr. Hebert has been litigating Voting Rights Cases for decades and once was the Chief of the Voting Rights Division of the Department of Justice. We agree that he would serve as the manager of our team and that I would take the lead in client contact and court presentation. Mr. Hebert and I worked together to arrange other qualified counsel to assist us. Mr. Hebert recommended we include Armand Derfner our team who himself has decades of civil rights experience and was the architect of our legal theories and briefings in the case. I recommended that we include Neil Baron of Galveston, Texas as co-counsel to assist with client contact and discovery and specifically to attend the many expected depositions in this

case therefore saving on considerable travel and time expense. We also agreed to obtain the assistance of my partner Scott Brazil in covering the many depositions scheduled in Texas in this case. Mr. Baron and Mr. Brazil also assisted with the coordination and examination at trial of our experts. We worked well as a team and diligently avoided duplicated efforts when possible. The trial transcript demonstrates that Mr. Hebert, Mr. Derfner, Mr. Brazil, Mr. Baron, Ms. Simpson and I, each examined witnesses at the trial in this case.

5. Plaintiffs are prevailing parties in this action and are entitled to attorney's fees and costs as authorized by the Voting Rights Act, 52 U.S.C. § 20510(c). Specifically, plaintiffs and their attorneys presented pleadings, evidence, and argument to this and other Courts challenging SB 14. As a result of the litigation brought by plaintiffs, SB 14 was enjoined by virtue of an Interim Remedial Order issued by this Court August 10, 2016 (Doc. No. 895), following this Court's ruling that SB 14 violated the "results" prong of Section 2 of the Voting Rights Act, a ruling that was affirmed by the Fifth Circuit en banc. *Veasey v. Perry*, 71 F. Supp. 3d 627 (S.D. Tex. 2014), *aff'd in part, vacated in part, rev'd in part sub nom. Veasey v. Abbott*, 830 F.3d 216 (5th Cir. 2016) (en banc). A review of plaintiffs' pleadings, attachments and argument on this cause, together with this Court's orders, including orders regarding the interim relief as well as final judgment, demonstrate plaintiffs' position as prevailing party in this action.

#### Experience and Qualifications

6. My CV is attached hereto and it contains an accurate summary of my education, training and experience. I was licensed to practice law first in Texas in 2002 and since then have been licensed in D.C., Florida and North Carolina. I have handled scores of litigation matters under federal and state law. I have tried more than 50 civil,

criminal and arbitration matters, most of them to a jury. I have successfully defended against multimillion dollar claims and I have obtained multimillion dollar judgments. I have taken hundreds of depositions and have handled dozens of evidentiary injunction hearings. I am Board Certified in Personal Injury Trial Law by the Texas Board of Legal Specialization and I was certified by experience and training to be Board Certified in Civil Appeals but I did not ultimately sit for the exam. I am also a member of the American Board of Trial Advocates. I have argued more than a dozen cases at the Fifth Circuit, including numerous cases that have resulted in reported opinions. I have handled appeals before the 10<sup>th</sup>, 11<sup>th</sup> and D.C. Circuits as well as most Texas Courts of Appeals and the U.S. and Texas Supreme Courts.

7. I have received numerous awards for my work which are detailed in my CV. I was one of three finalists for Attorney of the Year by the Texas Lawyer magazine in 2016. Prior to that Texas Lawyer recognized me as one of the top lawyers under the age of 40. I have been a Texas Super Lawyer for over a decade and I was Rising Star Super Lawyer before then.

8. I have also represented Plaintiffs, private parties and governmental units in federal or state voting rights litigation in Texas and Washington, D.C since 2002. I have handled or are currently handling redistricting cases throughout Texas relative to congress, state house, state senate, commissioner's court, school boards, justices of the peace and constables. I have handled federal cases relative to candidate qualifications. I currently represent parties in a case challenging Texas's effort to challenge the voter registration of naturalized citizens in which the judge recently granted the Plaintiffs' an injunction. I have been court appointed to represent a party in a civil rights case.

9. I have extensive experience teaching and lecturing in civil rights and voting rights including at major universities in Texas and around the country. I am currently a Lecturer at the University of California, Los Angeles in Voting Rights and I am co-director of the UCLA Voting Rights Clinic.

10. As a result of the foregoing and much more experience than can be listed here, I have extensive training, education and experience handling federal cases and, in particular, those pertaining to civil and voting rights and specifically federal voting and civil rights case filed in the Southern District of Texas.

**Time**

11. I devoted a total of approximately 999.20 hours representing the Plaintiffs in this case for which I chose to bill. I have attached the time records that I maintained in this action. Exhibit A is true and accurate, and is based on contemporaneous records of the activities in the case maintained as business records in my office. I also billed 452.40 hours that I did not seek compensation for in the bill. Both the billed and un-billed time entries are detailed and attached to this Declaration as Exhibit A. In addition, I estimate that I spent approximately 375 hours on this case that are not billed in the Exhibit A. This time includes time traveling in planes, trains and automobiles. These additional unbilled hours include time other counsel is seeking compensation for and it also includes phone conference, briefing time and contemplation time for which I did not keep record or include in my billing. Also not included in my billing is the time and expenses I incurred in Section 5 case for which we sought recovery from the District Court in D.C. Because the judgment was vacated in that case in light of *Shelby County* we were not awarded our fees. However, that time and expense developed a substantial record of deposition and

trial testimony that was admitted in this Section 2 case and formed the basis of this Court's opinion. This time and expense for my firm amounts to \$341,112.50 and complete record of this can be found at *Texas v. Holder*, 1:12-cv-00128-RMC-DST-RLW (ECF 383).

12. The hours expended for which I billed and am seeking compensation for were necessary in rendering legal services to the Veasey-LULAC Plaintiffs in this case and they are the types of charges normally billed by law firms to paying clients. Indeed, many of the reductions in time that I have made in this case would not have been made for a fee-paying client. The expenses for which I billed and am seeking compensation for were necessary in rendering legal services to the Veasey-LULAC Plaintiffs in this case and I have similarly not billed a number of expenses that incurred. The expenses were necessary to conduct the litigation in this case and are of the type normally billed by me (and other law firms) to fee-paying clients. In fact, the reductions I have taken in time far exceed industry norms of "billing judgment."

**Market Rate**

13. I have extensive experience handling civil and some criminal matters in federal court. I have extensive experience handling matters in the Southern District of Texas. I have extensive experience with civil and voting rights cases. I believe, based upon the complicated issues and the time involved and the various factors described herein, that a reasonable hourly rate for such services in this locale is at least \$491 per hour. \$491 per hour is well within the reasonable market rate charged for similar services in similar cases. I have reviewed the rates of the other attorneys being charged in this matter and it is my opinion that they are reasonable rates for litigation of this type in the Southern District of Texas.

**Lodestar**

14. In determining the Lodestar a court should usually consider the actual hours devoted to the case and the market hourly rate for the lawyer in question. It is my opinion the fees and expenses claimed in the provided statement are reasonable and necessary.

**Johnson Factors**

15. Preclusion of Other Employment. My work in this litigation restricted the time available for pursuit of other litigation during the period of activity in this case. Because of the extensive work required in a time-compressed period of time, I was unable to accept and work on other cases. This case included dozens of hearings that often, due to the nature of the dispute, came with little notice. Scores of deadlines were required to be met in much shorter deadlines than required under normal federal court procedure.

16. Time Limitation Imposed by Circumstances. The time limitations in this case were imposed by pending election schedules and the urgency of these types of disputes.

17. Undesirability of the Case. This case is desirable from a political perspective. However, the case is very undesirable from an economic perspective because the expedited trial schedule and multiple forums (Texas, Fifth Circuit and Supreme Court) placed unusual time constraints on the development and preparation of the case and because of the specialized nature of the actions. Moreover, the short deadlines, time commitment and complicated nature of the claims make other work easier and, often, more financially rewarding. During the pendency of this case, I was routinely required to work through and on holidays and school vacations.

18. Experience and Expertise. My experience has included participation in federal litigation, extensive advocacy in state and federal cases, and preparation of pleadings, briefs and evidence for cases in both state and federal courts. I am and have been counsel in numerous voting rights cases. trial experience includes federal and state criminal matters. My experience is more extensively described in Exhibit B, my Curriculum Vitae.

19. It is my opinion, based on my experience and upon inquiring of other lawyers, that the prevailing market rate for an attorney with my experience, in a difficult and complicated civil and voting rights case is at least \$491 per hour.

20. I have reviewed the time and expense entries of my co-counsel in this case and I similarly of the opinion that they are reasonable and necessary charges. We have omitted time entries for duplicative work. We divided work among ourselves. In time entries in which we all participated, such as conference calls and review of briefing drafts, we have chosen to bill on for a small portion of our collective time. It is my strong opinion that any paying corporate or government client would have been billed and would have paid much more than is being sought in this fee application.

### **Costs**

21. The expenses claimed in this motion are actual expenses that were necessary to properly and successfully represent the Plaintiffs in this case. They include expenses for some necessary travel as well as court reporter costs and expert fees. These expenses are described in more detail in the attached billing statement. Only some deposition transcript expenses are shown because the parties divided among themselves paying for these transcriptions. Also, each of the parties split expenses when possible to

avoid duplication and each party is only seeking recovery for their portions of the expenses.

In closing, it is my opinion that the fees, expenses, and expert fees I have claimed in this case are both reasonable and necessary and that, given the more than adequate reductions we have made, should be reimbursed by the State of Texas in light of my contributions to the prevailing claims and orders in the case.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.
